

AI-000443**(Plastic Painting Grounding Cable)**

- The AI-000443 was specifically designed as an industrial grounding cable for painting plastic components. It has an aggressive jaw on one clip for a rock solid fixture connection and a smooth jaw on the other clip to prevent damage to the part.
- Constructed with Φ 3/64" (1.2mm) 304 stainless steel wire rope.
- Fixture clip is a BU-27. It has a maximum jaw opening of .63" (16mm)
- Part clip is a BU-118. The flat nose jaws are parallel with each other at a distance of .11" (2.8mm) and it has a maximum jaw opening of .3" (7.6mm)
- Length: The wire length is 18" (46cm). Other lengths can be accommodated.
- RoHS Compliant
